At the last meeting of the Board of Trustees
of the public schools, Prof. Grant, President
of the Kentucky Association of Teachers, re-
quested the use of the chapel of the Male
High School on the 24th day of August next
for the use of the association. The request
was promptly granted.

The Superintendent, Mr. Tinsley, in his
last report to the Trustees, made the follow-
ing remarks: In the Second Ward School there
is an average daily attendance in the male
grammar department of thirty pupils. These
are necessarily divided into three grades, and
the involved hearing of twenty-act re-
lations daily. This required two teachers, who
would have an average of fifteen pupils each,
instead of thirty or thirty-five.

The Female Grammar D-partment has an
average of forty pupils, with two teachers.
Thus it requires, under the present arrange-
ment, four teachers to instruct seventy pupils.
If the boys and girls were allowed to recite
together, one assistant would be sufficient for
both departments, and the pupils of both
would be taught much better by three teachers
than by four.

lations daily. This required two teachers, who

A DISCOURSE.
BY THE REVEREND THEODORE LAZARUS.
ON THE PARABLE OF DIVES AND LAZARUS.
Luke, 16: from the 19th to the 31st verse inclusive.

Before entering upon the subject selected
for our meditations this morning, I beg leave
to assure my personal friends, and regular
attendants, that I do not intend to do more than
to discuss, with respect to the doctrine
of the parable, the question of the
punishment of the wicked.

The fact is, I have been frequently solici-
ted, this winter, to state, from the pulpit,
the doctrine of Dives and Lazarus. I have
been so often asked to do so, that I have
been obliged to do so. I have been so often
asked to do so, that I have been obliged to do so.

To begin, allow me to introduce to your ac-
quaintance a great and good man, an Arch-
bishop, a man of great learning and piety,
who was one of the brightest luminaries
of the Christian Church in our age.

Dives and Lazarus. He is a man of great
learning and piety, who was one of the
brightest luminaries of the Christian Church
in our age.

Allow me, especially, to impress the fact on
your memory, that according to the dis-
tinction made by the parable, Dives and
Lazarus are not mere names, but are
the names of two real persons.

Remember that our Saviour uttered forty-
two parables, and that the parable of
Dives and Lazarus is one of the most
important of them.

The parable of our Saviour seems to me to
be the most important of them. It is a
parable which is full of meaning and
instruction.

Let us now turn to the parable of Dives
and Lazarus. It is a parable which is
full of meaning and instruction.

the description itself, assures us that it is a
parable.

Colonel Frank Wolford's Speech.

We obtained at a late hour last night a copy of the Lexington Observer and Reporter, containing an extended notice of the speech of Colonel Wolford, delivered upon the occasion of the presentation of a sword, sash, &c., on Thursday night last. The speech has been sought after with avidity, and we present it as reported by the Observer, as it is the first extended notice of it we have seen. Indeed, it is the only report of it we have seen, except the brief telegram to the Cincinnati papers of Friday last.

COURTS MARSHAL.—In the courts marshal yesterday but little business of importance was transacted. In the court of which Lieut. Col. Vaughan is president, the testimony in the case of A. T. Byrnes, of the Second Ohio heavy artillery, charged with mutiny, was heard. The case of private Underwood, of the same regiment, charged with the same offense, was finished, and the finding and sentence of the court have been sent forward for approval. The case mentioned in the Democrat of yesterday will be tried before this court Monday.

In the court of which Lieut. Col. Johnson is president, the case of Robt. Wilson, charged with desertion, was finished. The sentence of the court, which we are not at liberty to give, will be looked for with great interest.

DECEASED SOLDIERS.—The following soldiers have died in the general hospitals in this city during the week ending last evening:

D. G. Kelly, Co. A. 2d W. Va. (rebel).
Frank Hagedorn, Co. K. 93d Ind.
J. H. Hagedorn, Co. G. 2d W. Va. corp.
Jas. B. Pugh, Co. B. 54th Ill.
T. J. Brington, Co. B. 54th Ill.
M. Denton, Co. G. 2d W. Va.
Rich. Gwynell, Co. B. 143d N. Y.
W. C. W. Co. 2d W. Va. (rebel).
W. P. M. Co. G. 5th Ind.
S. M. Moore, Co. B. 14th N. Y.
J. B. Cooper, Co. B. 14th N. Y.
W. H. Burton, Co. F. 7th Ohio.
W. H. Burton, Co. A. 2d Ky. cav.
Leon Ketchum, Co. I. 2d reg. inv. corps.

POLICE PROCEEDINGS.—Saturday, March 12.—George Rollinson and John Flannigan, disorderly conduct; Flannigan was discharged, and Rollinson fined five dollars, and held to bail in \$500 for three months.

Henry Tinner, drunk and disorderly; continued.
Geo. Miller, drunk and disorderly; fined five dollars.
Joseph Gibbs, carrying concealed a deadly weapon; discharged.
John Hogan, suspected felon; \$100 for three months.

LECTURE AT THE FEMALE HIGH SCHOOL.—It gives us pleasure to announce that the next lecture of the course at the Female High School will be delivered by H. R. Smith, M. D., on Natural Theology, as illustrated by the eye and the ear. Dr. Smith's familiarity with these organs and his scholarly attainments are a sufficient assurance that this lecture will be unusually interesting and instructive. The lecture will be delivered at 2 1/2 o'clock on Tuesday next. All desirous of attending are cordially invited.

BARRACKS ITEMS.—One hundred and sixty recruits from Columbus, 105 from Indianapolis, 85 convalescents from different points, 13 deserters from Cincinnati, 2 from Harrisburg and 2 arrested in this city, were received at Barracks No. 1 yesterday; 93 recruits and convalescents were transferred to their regiments, and 15 deserters were sent off in irons, 12 to Nashville and 3 to Lexington.

Our neighbor McGill is in the receipt of a large and complete assortment of pipes, from the finest merchants to all the intermediate grades. His stock of cigars and brands of manufactured tobacco are all that connoisseurs could wish. Try him.

We return thanks to Messrs. D. P. Fausch & Co. for a copy of the "Drummer Boy of Shiloh," with variations, by Charles Grobe. It is an elegant piece of music, and will no doubt be much admired.

We have already published the particulars of the accident on the Jeffersonville railway on Tuesday night. We learn that a jury has been called to investigate the cause of the accident.

ARREST OF COLONEL WOLFORD.—We learn that Colonel Wolford has been arrested for the sentiments uttered in his speech at Lexington on last Thursday.

The city yesterday was exceedingly quiet, with little or nothing doing in either court or military circles.

A number of women were yesterday arrested and confined in the guard-house for selling liquor to soldiers.

See advertisement of Messrs. Martin & Crumbaugh in another column, of spring goods.

LOCAL NOTICES.

BRUTAL MURDER.—THE PERSON OF A WHITE WOMAN OUTRAGED BY A NEGRO.—THE VILLAGES ABANDONED.—Of late we have been called upon to record crimes which were sufficient to startle the whole civilized world, but none equal to the one we are now compelled to record can be found in the histories of the darkest ages. The outrage of which we are now compelled to speak is one of the most horrible and barbarous we have ever known.

On the morning of the 9th instant the body of Mrs. Hoaglan, the wife of Captain William Hoaglan, of the 1st regiment, was found in the woods near Shepherdsville. The marks of violence upon the body showed conclusively that she had been foully dealt with. The facts in the case were related to an officer, who started in search of the villainous wretch.

After a short investigation, it was ascertained that a negro who resides in the neighborhood, and who was arrested and taken to the prison at Elizabethtown, where he was confined. The citizens of that place soon became acquainted with the facts; and so incensed were they at the outrage, that they gathered round the jail and demanded the negro. At the time our informant left, the town was in the highest state of excitement, and he states that there is but little doubt that the negro has been taken by the infuriated populace and hanged.

From a person who should know, we learn that while Mrs. Hoaglan was returning to her home she was met by a stout negro, who by main force carried her into the woods, where he accomplished his hellish desire, after which he murdered his victim to avoid detection. We did not learn the name of the negro.

Some days since an account appeared in the Democrat relative to the capture of Sheridan, the person suspected of burning the D. G. Taylor, at the city wharf, on the morning of February 5th, in which the credit of the capture was given to Marshal Akers, of New Albany. Without any desire whatever to detract from any credit due Marshal Akers in the affair, we wish to state that there is another gentleman prominently connected with the arrest of Sheridan, whose name has not been mentioned in the paper. We refer to Mr. Ben Shindler, of Orleans, Orange county, Ind.

Mr. Shindler, as we are informed, knowing Sheridan was at large, and suspecting that he had escaped from the Jeffersonville penitentiary, where he had been sentenced for highway robbery, at once informed the officers of the penitentiary of his whereabouts, and when Marshal Akers consulted with the officers of the penitentiary about Sheridan, Mr. Shindler's letter afforded the information desired.

Marshal Akers at once visited Orleans and consulted with Mr. Shindler, who accompanied the Marshal to the residence of Sheridan and aided in his arrest. If Sheridan proves to be the guilty wretch who fired the D. G. Taylor, as there is good reason to believe he is, then Mr. Shindler will be entitled to a large share of the reward which the Government has offered for the capture and conviction of the culprit. Mr. Shindler deserves well of the Government for his timely notification of the whereabouts of Sheridan, and for his prompt assistance in arresting him, which assistance who have this matter in hand should not overlook or pass by.

DRY GOODS.—THE HAND LOOM.—The very high prices of dry goods have led industrious and economical people to turn back to the good old-fashioned practice in which our grandmothers excelled, and which makes their memory so sacred in this degenerate age. We refer to domestic manufacture. The mechanical ingenuity of the age has rendered this far easier than formerly. By the family hand loom, in use now, one can weave about ten times as many yards as formerly, and the warp already framed, and the filling or weft is ready made and kept for sale in our stores. The material thus prepared, the warp ready beamed, and the filling of desired colors ready doubled and tripled for common Kentucky jeans, costs about seventy-five cents per yard. It is worth, when woven, about one dollar and fifty cents per yard, and a girl can weave on the family hand loom (sold by Mr. Taylor over Bondurant's seed store) about thirty yards a day. We saw there an excellent piece, a day or two ago, that was woven by a girl thirteen years old, who worked the loom from choice in preference to doing other house work. The loom can also be used for plain weaving, flannels, linseys, &c.

The advertisement of Mr. John James, Jr., in another column, offering for sale his splendid farm situated on the Ohio river, in Spencer county, Ind., is worthy of the attention of men of capital who desire to own a fine plantation. The farm is one of the most fertile and productive on the Ohio river, and is in excellent repair. Taking into consideration the value of the buildings and the improvements on the farm, we think Mr. James' terms remarkably reasonable, and know of no better opportunity for a profitable investment of surplus greenbacks. Mr. James also offers for sale some valuable property in the city of New Albany.

SPRING GOODS.—Messrs. Dingfelder & Goldman are in the receipt of a large and general assortment of dress goods, silks, satins and domestic, to which they invite the attention of the public. They have also cloaks, mantillas and shawls—full assortment of the latest style. The ladies will make a note of it and act accordingly.

Frank Leslie's Lady's Magazine for April has been received by W. Scott Glaze. This Gazette of Fashion is justly popular, and the number before us is admirably executed, the illustrations being very superior.

Mrs. Gilchrist, No. 57 Fifth street, announces to her friends and the public generally, that she has just returned to the city with a choice selection of millinery goods. See advertisement.

RE-ENLISTED VETERANS.—The following regiments, re-enlisted veterans, left for the front yesterday: One Hundred and Second New York, Forty-eighth Illinois and Seventy-ninth Pennsylvania.

SOLDIERS' HOME.—The Rev. Mr. Lapely will preach at the Soldiers' Home on Lord's day, at 3 1/2 o'clock p. m. Officers, soldiers and their friends are cordially invited to attend.

We are indebted to Charles T. Dearing for Frank Leslie's Magazine for April. The fashion plates are quite attractive and the contents interesting.

Fifteen deserters, mostly from Kentucky and Tennessee, have been passed home from Nashville since the 7th inst.

There is only one occupant at present in the New Albany jail.

Three propellers will run between Sandusky and Buffalo this season.

AMUSEMENTS.

WOOD'S THEATRE.—The numerous patrons of this establishment will be pleased to learn that Louisville's favorite little actress, Miss Maggie Mitchell, has been engaged to remain six nights more, for which the thanks of her host of admirers are certainly due to the indefatigable management of this favorite place of amusement. During the past week Miss Maggie has been greeted by the most fashionable and crowded audiences. For the coming week she will appear in a row of her choicest characters, commencing to-morrow evening with "Katy O'Shea," in the beautiful drama of that name, and "Margot," in the drama of "Margot, the Pottery Dealer." These are two of the very best characters, and we are convinced, will be presented as Maggie only can present them.

LOUISVILLE THEATRE.—To-morrow night the charming actress, Miss Charlotte Thompson, will appear in the drama of "Edith and Zerkow," a new written expressly for her, and performed by her with great success throughout the east. The performance will conclude with the farce of "Nature and Philosophy."

SPECIAL NOTICES.

It is the discovery of an eminent Physician, whose life was devoted to the treatment of this class of diseases for more than twenty years, and with unexampled success.

It is perfect in itself, requires no injections, and differs entirely from the mistaken practice, and the numerous worthless compounds offered to the public.

It is the remedy for the unfortunate, and none need despair.

CAUTION.—The great success of this remedy in curing permanent cases, has led to imitations by cheap and unprincipled men. Of course, therefore, that the signature of the proprietor is around each box, none other is genuine.

Prepared only by W. F. DAYTON, 305 Front St., N. Y.

CONDON & MARSH

Flour very dull and unsettled, so that accurate quotations cannot be given; holders do not seem disposed to make important contracts; therefore nothing was done in the wheat dull. Corn flat and not susceptible to any extent of rise over 80c. Cornseed retailed at \$7 150/47 5/8 bushels, but selling at \$7 on arrival. Wheat holders asked 87c, buyers refuse to pay over 85c. Nothing done in clover; quiet and unchanged; no sales of mesquite producers firm. Gold declined to 100, silver 70. Exchange in moderate demand; rates unsettled.
